Tories dishonest on tax rebates, Liberals say, April 11

I just completed my 2018 taxes. Schedule 14-Climate Action Incentive - calculated that I will be receiving $231 from the Trudeau government as my "Climate Rebate." I will be receiving $0 from the Ford government.

I propose that the Canada Revenue Agency edit this schedule.

From:

Calculating your total climate action incentive = $231

To:

Calculating your total climate action incentive from Mr. Trudeau = $231

Calculating your total climate action incentive from Mr. Ford = $ 0

... and make it mandatory that the filing party "must" manually enter $0 in that field, so that millions of Ontario taxpayers clearly understand how much the provincial government is giving them as a "carbon rebate."

When I spend my rebate, which I will, I will be helping to create jobs.

And I can feel like I've personally contributed to addressing our climate-crisis.

If this is Mr. Ford's idea of pain, he's never felt pain.

Fair's fair ...
